| **Importance:** | High |

RSC Members,

As shown below, the subject standards are posted for an initial ballot and non-binding poll through **8 p.m. Eastern, Monday, August 15, 2016.**

The attached comment form has some issues NPCC wishes to point out, and as of this time, I have not heard of any RSC member companies intending to support the EOP-005 standard as written. We do have representation on the SDT and we will coordinate our concerns through that representative. If you have a voting position for your organization, and have not already done so, please share it as soon as you are able.

I am attaching the draft "comment form" Ruida is working on. We will be discussing this next week. If you haven't submitted comments or reviewed the comments reflected in the attached please do so. As of this time, I am considering casting a Negative Vote on behalf of the Regional Entity and would like the RSC members to contribute to a ballot recommendation or help me compile a list of issues precluding support. As always, any identified issues are best accompanied by a proposed solution for the SDT's consideration.

Best Regards,

Guy V. Zito

# Standards Announcement
# Reminder

## Project 2015-08 Emergency Operations
## EOP-005-3, EOP-006-3 and EOP-008-2

**Initial Ballots and Non-binding Polls Open through August 15, 2016**

**Now Available**

Initial ballots and non-binding polls of the associated Violation Risk Factors and Violation Severity Levels are open through **8 p.m. Eastern, Monday, August 15, 2016** for the following standards:

- **EOP-005-3 System Restoration from Blackstart Resource**
- **EOP-006-3 System Restoration Coordination**
- **EOP-008-2 Loss of Control Center Functionality**

## Balloting

Members of the ballot pools associated with this project may log in and submit their vote for the standards and non-binding polls by clicking here. If you experience any difficulties in using the electronic form, contact Nasheema Santos.

*If you are having difficulty accessing the SBS due to a forgotten password, incorrect credential error messages, or system lock-out, contact NERC IT support directly at https://support.nerc.net/ (Monday – Friday, 8 a.m. - 8 p.m. Eastern).*

## Next Steps

The ballot results will be announced and posted on the project page. The drafting team will consider all comments received during the formal comment period and determine the next steps of the project.

For information on the Standards Development Process, refer to the Standard Processes Manual**.**
