NPCC CIP Version 5 Transition Seminar
Introduction to Transition

John Muir
Manager, Compliance Monitoring & Certification
Seminar Logistics

• WebEx Participants Email Questions to - CIPv5@npcc.org
  – Use CIP-xxx or CIP General in subject.
  – Questions will be reviewed, answered during session, at end of day, or as a follow-up after the seminar.
  – If specific to your entity, a direct reply will be given.

• On-site participants are encouraged to ask questions during the presentations. Please make sure to use a microphone.

• We will have hard breaks at 10:00 am and Noon on both days, and at 2:30 pm today. (Dinner tonight is on your own.)
Seminar Content

• **Review of each new / revised Standard.**
  – Identify changes, additions and deletions to the Requirements.
  – Review specific issues that have been identified through the CIP V5 Transition Initiative, and from entities as they move to Version 5.
  – Information is the latest that we have, but may be subject to change. Bottom line – Comply with the Requirements of the Standard. That is what we audit to.

• **Presentation by NYISO on their Transition Project.**

• **Implementation Plan Review, Key Dates.**

• **Allow time for Questions**
  – During and at the end of each presentation.
  – During Round Table Discussions at the end of each day.
