AGREEMENT
ON THE IMPLEMENTATION OF THE QUÉBEC
RELIABILITY STANDARDS COMPLIANCE MONITORING AND
ENFORCEMENT PROGRAM

BETWEEN

Régie de l’énergie, a public body established under the Act respecting the Régie de l’énergie (CQLR, c. R-6.01) (the “Act”) with headquarters at Tour de la Bourse, P.O. Box 001, 800 rue du Square Victoria, 2nd Floor, Suite 2.55, Montréal, Québec H4Z 1A2, acting through Diane Jean, Chair, duly authorized pursuant to section 85.4 of the Act, hereinafter referred to as “the Régie”

AND

North American Electric Reliability Corporation, a corporate body established under the New Jersey Nonprofit Corporation Act, New Jersey Statutes Title 15A, with headquarters at Atlanta Financial Center, 3353 Peachtree Road, N.E., Suite 600, Atlanta, Georgia, United States, 30326, acting through Gerald W. Cauley, President and Chief Executive Officer, duly authorized pursuant to Article VI, Section 1, of the Bylaws of the North American Electric Reliability Corporation, hereinafter referred to as “NERC”

AND

Northeast Power Coordinating Council, Inc., a corporate body established under Section 402 of the New York State Not-for-Profit Corporation Law, with headquarters at 1040 Avenue of the Americas, 10th floor, New York, New York, United States, 10018, acting through Edward A. Schwerdt, President and Chief Executive Officer, duly authorized pursuant to the Amended and Restated Bylaws of Northeast Power Coordinating Council, Inc., hereinafter referred to as “NPCC.”

WHEREAS the Government of Québec pursuant to section 85.4 of the Act, has, through decree number 443-2009 of April 8, 2009, authorized the Régie to enter into an agreement with NERC and NPCC, which agreement was signed on May 8, 2009;

WHEREAS in accordance with the terms of the said agreement, specific procedures and a specific program for the monitoring of the application of electric power transmission Reliability Standards in Québec, respectively the “Québec Rules of Procedure for Compliance Services (QROP) by the North American Electric Reliability Corporation” and the “Québec Compliance Monitoring and Enforcement Program (QCMEP) for Implementation by Northeast Power Coordinating Council, Inc.,” were submitted by the Régie to a consultation with the entities subject to the Reliability Standards;

WHEREAS the Régie has received comments from various entities that may be subject to the Reliability Standards;

WHEREAS the agreement of May 8, 2009, provides that, subsequent to the said consultation and upon authorization from the Government of Québec, a second agreement
shall detail the mandates granted by the Régie to NERC and to NPCC with respect to the implementation of the said procedures and program for the monitoring of the application of electric power transmission Reliability Standards in Québec and the provision of opinions and recommendations to the Régie in this regard;

WHEREAS the “Québec Reliability Standards Compliance Monitoring and Enforcement Program (QCMEP)” (the “QCMEP”) replaces the “Québec Compliance Monitoring and Enforcement Program (QCMEP) for Implementation by Northeast Power Coordinating Council, Inc.”;

WHEREAS this agreement (the “Agreement”) and the QCMEP take into account the comments received by the Régie in the course of its consultation process and the QROP have now been integrated into the Agreement and the QCMEP;

WHEREAS, pursuant to section 85.4 of the Act, NPCC and NERC will carry out inspections or investigations provided for under Division II of Chapter III of the Act, in accordance with the QCMEP;

WHEREAS the Régie holds the documents relating to the activities of the QCMEP and must preserve and archive such documents, and that NPCC and NERC will, for the performance of their responsibilities, have secure access to the computer system established by the Régie for the purposes of the QCMEP;

NOW THEREFORE, the Régie, NERC and NPCC agree as follows:

1. INTERPRETATION

1.1 Exclusivity and Scope of Agreement

This Agreement sets out all the understandings reached by the parties with respect to implementation of the QCMEP, which describes the means by which NPCC and NERC will make inspections and investigations.

The Agreement supplements the agreement signed on May 8, 2009, insofar as it defines the mandates that the Régie has granted to NERC and NPCC for the implementation of the QCMEP. All documents relating to monitoring of compliance and the enforcement of electric power transmission standards, including the QCMEP, are available on the Régie’s website.

The Agreement should not be construed as delegating the Régie’s powers to NERC and NPCC, whose services have been retained in view of their expertise in the assessment and monitoring of electric power transmission Reliability Standards.

The parties acknowledge that they have received a copy of the QCMEP, have read it and consent to all the terms and conditions stipulated in it. Any amendment to the QCMEP is subject to prior agreement between the parties.

1.2 Governing Law and Competent Jurisdiction

The Agreement shall be governed by the laws of Québec, and the courts of Québec shall have exclusive jurisdiction to settle any disputes arising therefrom.

1.3 Headings

The headings of the Agreement are for convenience of reference only and shall not define, limit, or otherwise affect any of the terms or provisions thereof.
1.4 Definitions

1.4.1 Compliance Audit: A systematic, objective review and examination of records and activities to determine whether a Registered Entity meets the requirements of applicable Reliability Standards.

1.4.2 Spot Check: A process in which NPCC requests that a Registered Entity provide information to support the Registered Entity’s Self-Certification, Non-Compliance Self-Reporting, or Periodic Data Submittal, and to assess whether the Registered Entity complies with Reliability Standards. A Spot Check may also be random or initiated in response to events, as described in the Reliability Standards, or by operating problems or system events. A Spot Check may require an on-site review to complete.

1.4.3 Reliability Coordinator: The entity designated by the Régie pursuant to section 85.5 of the Act.

1.4.4 Required Date: The date given to a Registered Entity in a notice from the Régie or NPCC by which some action is required. The Required Date will allow the Registered Entity a reasonable period of time in which to take the required action, given the circumstances and the action required.

1.4.5 Non-Compliance Self-Reporting: A report filed promptly by a Registered Entity which considers, based on its own assessment, that it does not comply with a Reliability Standard, and which wants to submit as soon as possible the actions it has implemented or is planning to implement to resolve the Non-Compliance.

1.4.6 Self-Certification: Attestation by a Registered Entity of compliance or Non-Compliance with, or non-applicability of, a Reliability Standard requirement for which Self-Certification is required under the monitoring provisions of the Implementation Plan.

1.4.7 Compliance Investigation: A comprehensive investigation, which may include an on-site inspection with interviews of the Registered Entity’s personnel, to determine if a Non-Compliance with a Reliability Standard has occurred.

1.4.8 Registered Entity: Any owner or operator of transmission systems or facilities, owner or operator of production facilities, distributor, or user of the electric power transmission system registered in the Register of entities subject to Reliability Standards.

1.4.9 Data Repository: A computerized, secure electronic data and information storage repository system controlled and maintained by the Régie and located within the Province of Québec. Information, data and documents related to activities of the QCMEP whether filed by a Registered Entity, or created or obtained by the Régie, NPCC, or NERC are stored on the Data Repository.

1.4.10 Sanction Guide for the Enforcement of the Reliability Standards in effect in Québec: A document specifying the guidelines for imposing a financial penalty or sanction when the Régie determines, pursuant to section 85.10 of the Act, that a failure to comply (violation) with a Reliability Standard has occurred.

1.4.11 Restricted Information: Highly sensitive data of a i) security nature or ii) commercial or proprietary nature whose circulation or consultation are restricted by the Régie, and which cannot be taken or transmitted outside Québec in any format.

1.4.12 Non-Public Information: Except where the Régie rules otherwise, and unless designated by the Régie with a more restrictive designation such as Privileged, Restricted or Personal, all information, data and documents created or obtained in activities related to

Agreement on the Implementation of the Québec Reliability Standards Compliance Monitoring and Enforcement Program
Page 3 of 16
Agreement on the Implementation of the Québec Reliability Standards Compliance Monitoring and
Enforcement Program

Page 4 of 16

1.4.13 Privileged Information: Information that neither the Régie nor NPCC are required by law to disclose, for example, advice or opinions furnished by NPCC, NERC or Régie staff to the Régie in an adjudicative context.

1.4.14 Inspection: Pursuant to paragraph 2 of section 85.4 and section 44 of the Act, entry by a representative of NPCC, NERC or the Régie upon the property of a Registered Entity to examine and make copies of books, records, accounts, files and other documents or require any information pertaining to the application of the Act, and the production of any related document.

1.4.15 Day: A calendar day, unless otherwise specified.

1.4.16 Act: The Act respecting the Régie de l’énergie (CQLR, c. R-6.01).

1.4.17 Remedial Action (“measures…to correct” pursuant to section 85.12.1 of the Act): An action ordered by the Régie pursuant to section 85.12.1 of the Act when an inspection or inquiry reveals that an entity is in Non-Compliance with a Reliability Standard and is thus seriously compromising the reliability of electric power transmission.

1.4.18 Non-Compliance: Identification of a possible failure by a Registered Entity to comply with the Reliability Standard that is applicable to the Registered Entity that has occurred or is occurring and for which the NPCC may send a notice of Non-Compliance and which may result in a decision by the Régie, including but not limited to decisions regarding failure to comply (violation), Remedial Action, financial penalty or sanction and Mitigation Plan.

1.4.19 Reliability Standards: Set of standards and their appendices adopted by the Régie under section 85.7 of the Act to provide for the reliability of electric power transmission in Québec.

1.4.20 NERC: North American Electric Reliability Corporation. It has delegated certain authority to eight (8) regional entities within the United States portion of North America subject to its oversight.

1.4.22 Participant: Representative of the Régie, a Registered Entity, NERC or NPCC, designated for the purposes of a Compliance Audit or any other purpose under the QCMEP.

1.4.23 Complaint: An allegation that a Registered Entity might have failed to comply with a Reliability Standard.

1.4.24 Implementation Plan: An annual plan prepared by NPCC and submitted to the Régie for approval, including (1) all Reliability Standards identified by the Régie for active monitoring in Québec during the year, (2) the QCMEP methods to be used by NPCC for compliance monitoring, assessment and reporting of each Reliability Standard, (3) NPCC’s Annual Audit Plan regarding Registered Entities, (4) a schedule for Self-Certification and (5) a schedule for Periodic Data Submittals.

1.4.25 Mitigation Plan (“compliance plan” pursuant to section 85.12 of the Act): The set of actions identified by a Registered Entity to (i) correct a violation or Non-
Compliance and (ii) prevent their re-occurrence. It becomes effective once ordered by the Régie pursuant to section 85.12 of the Act.

1.4.26 Annual Audit Plan: A plan included in the Implementation Plan that specifies the Reliability Standards and Registered Entities to be audited and the schedule of Compliance Audits for the calendar year.

1.4.27 Québec Reliability Standards Compliance Monitoring and Enforcement Program (QCMEP): Program describing the processes used to monitor and assess compliance with the Reliability Standards adopted by the Régie and the procedures in place to ensure their enforcement.

1.4.28 Exception Reporting: Information provided by a Registered Entity indicating that it might not be complying with a requirement of a Reliability Standard (e.g., a system operating limit is exceeded). Only a subset of the Reliability Standards requires Exception Reporting.

1.4.29 Régie: Régie de l’énergie du Québec.

1.4.30 Register of entities subject to Reliability Standards (the “Register”): List, approved by the Régie pursuant to section 85.13 of the Act, of Registered Entities subject to Reliability Standards and their functions, and of the facilities, systems and equipment subject to these Standards. Use of the Register is limited to QCMEP administration.

1.4.31 Personal Information: Confidential information which, in a document, concerns a natural person and allows that person to be identified. Such information must be dealt with in accordance with the Act respecting access to documents held by public bodies and the protection of personal information (CQLR, c. A-2.1).

1.4.32 Periodic Data Submittals: Submittals of data by Registered Entities within a timeframe required by a Reliability Standard, on a schedule stipulated in the Implementation Plan, or upon additional request by NPCC with the Régie’s approval.

2. REPRESENTATIVES

For the purposes of the application of the Agreement, the Régie designates J. E. Alain Daneau, Executive Director, Planning and Regulation, as its representative. NERC and NPCC designate Charles A. Berardesco, Senior Vice President & General Counsel, and Edward A. Schwerdt, President and Chief Executive Officer, as their respective representative. Each of the parties undertakes to expeditiously give notice to the other parties of any change in its representative.

3. PURPOSE OF THE AGREEMENT

The Régie hereby retains the services of NERC and NPCC to monitor and assess the compliance of Registered Entities in Québec with the Reliability Standards adopted by the Régie with respect to electric power transmission in Québec in accordance with the Implementation Plan prepared by NPCC and submitted each year to the Régie for approval after prior review by NERC.

4. UNDERTAKING OF THE RÉGIE

The Régie undertakes to set up a Data Repository for the implementation of activities relating to monitoring and the enforcement of electric power transmission Reliability Standards and the filing of documents relating to the QCMEP.
The Régie shall grant NERC and NPCC secure access to information in the Data Repository for the performance of their respective duties under the Agreement and the QCMEP.

The Régie undertakes to provide NPCC and NERC remote access to Non-Public Information on the Data Repository for the performance of their respective duties.

With respect to audits of NPCC, the Régie undertakes to ensure the scope, schedule and frequency of audits are reasonable.

5. UNDERTAKINGS OF NERC AND NPCC

5.1 NPCC undertakes to implement the QCMEP and to make relevant recommendations to the Régie.

5.2 NPCC undertakes to report to the Régie its assessment as to whether an entity may have failed to comply with the Reliability Standards adopted by the Régie. It shall also submit to the Régie its recommendations with respect to the actions to be taken to ensure compliance with the Reliability Standards, including recommendations on financial penalties or sanctions.

5.3 NPCC undertakes to recommend financial penalties or sanctions to the Régie on the basis of the Sanction Guide for the Enforcement of the Reliability Standards in effect in Québec.

5.4 NPCC undertakes to examine the Mitigation Plan submitted by the entity concerned and make a recommendation to the Régie, upon which the Régie makes a decision in accordance with section 85.12 of the Act.

5.5 NPCC undertakes to make a recommendation, after consultation with the Reliability Coordinator, to the Régie concerning the need to order Remedial Actions, upon which the Régie will make a decision in accordance with section 85.12.1 of the Act.

5.6 In the performance of the responsibilities assigned to it by the Régie, NPCC is authorized to issue notices, require documents, conduct investigations and inspections, and, upon reasonable notice, enter the premises of a Registered Entity at any reasonable hour in connection with QCMEP-related activities.

5.7 NERC undertakes to ensure continuity of the QCMEP in the event that NPCC withdraws from the Agreement or does not conform to the Agreement or other applicable provisions in the carrying out of the QCMEP. In this event, all the provisions of the Agreement that apply to NPCC shall apply to NERC.

5.8 NERC undertakes to oversee the services provided by NPCC in connection with the QCMEP.

5.9 Upon request by the Régie and at a schedule agreed upon by NERC and the Régie, NERC undertakes to conduct an audit to assess the performance of NPCC’s work with respect to the QCMEP requirements.

5.10 After a request by the Régie for an audit of NPCC by NERC, NPCC undertakes to agree with the Régie on a reasonable schedule for the audit given its scope.

5.11 When processing information, NPCC and NERC undertake to implement data management methods that address data integrity, data retention, data security and data confidentiality. NPCC and NERC file management policies must include systematic and orderly procedures for the retention and destruction of electronic and hard-copy data.
relating to the QCMEP consistent with the legal and regulatory provisions applicable in Québec, as specified in this Agreement.

5.12 At the completion of a monitoring or investigation process, NPCC and NERC shall destroy all information and data they hold in connection with the process after filing on the Data Repository any such information or data necessary to ensure that the Data Repository contains all useful information pertinent to the process. Such information shall be retained by the Régie for consultation as required. NPCC and NERC shall preserve all confidentiality markings in the information and data they handle.

5.13 With the exception of the Reliability Standards and unless the Régie instructs otherwise, NERC and NPCC shall provide English and French versions of the information collection forms and documentation connected with the implementation of the QCMEP to allow them to be posted on the Régie’s website and integrated into the Data Repository.

5.14 NERC and NPCC shall ensure that, with respect to the implementation of the QCMEP, all communications in writing with Registered Entities and all documents submitted to them and to the Régie are in French.

5.15 Any meeting between NPCC or NERC and a Registered Entity, during a Compliance Audit, Compliance Investigation or any other activity provided for in the QCMEP, must be held in Montréal or elsewhere in Québec with simultaneous translation into French, unless the participants agree otherwise.

5.16 Hearings held by the Régie as part of the QCMEP shall take place in the Régie’s offices in Montréal. Hearings relating to a Non-Compliance shall be held behind closed doors. NPCC may attend such hearings, even if NPCC is not requested to attend such hearings by the Régie pursuant to Section 9b. NERC may attend such hearings on Non-Compliances found during a Compliance Investigation it led, even if it not requested to attend such hearings by the Régie pursuant to Section 9b.

5.17 If the Régie holds a hearing relating to a Non-Compliance with a Reliability Standard, NPCC must make available in the Régie’s offices, for consultation and reproduction by the entity concerned, all the information relevant to the Non-Compliance that was prepared or obtained during the process leading to the hearing, with the exception of any document or part of a document that contains Privileged Information.

6. SERVICES PROVIDED

NERC

6.1 NERC will provide its implementation plan to NPCC by September 1 of each year, or on another date as agreed by the parties; this plan will specify the Reliability Standards requiring reporting by Registered Entities so that NPCC can verify compliance with Reliability Standards through one of the monitoring methods described in NERC’s implementation plan.

6.2 Each year, NERC will review NPCC’s annual Implementation Plan to ensure that it is consistent with NERC’s annual implementation plan and applies fairly and impartially.

6.3 NERC will assess NPCC’s non-public QCMEP Annual Implementation Report annually and submit its assessment to the Régie by April 1.

6.4 NERC shall develop and provide training in auditing skills to all people who participate in NPCC’s Compliance Audits. Training for NPCC personnel or others who serve as Compliance Audit team leaders shall be more extensive than training for technical subject matter experts. Training for technical subject matter experts and NPCC personnel may be delegated to NPCC.
6.5 Upon request by the Régie, NERC shall lead a Compliance Investigation.

NPCC

6.6 NPCC will monitor and assess compliance with the Reliability Standards in accordance with the QCMEP.

6.7 NPCC will ensure that it has sufficient and competent resources to meet its assigned QCMEP-related responsibilities, including the necessary personnel to manage and implement the program.

6.8 NPCC may, with agreement from the Régie, call upon technical subject matter experts or NPCC personnel to benefit from their expertise during compliance-related activities. Such persons must not have any conflict of interest or any financial interest connected with the outcome of their involvement in such activities, and will be considered representatives of NPCC when carrying out such activities.

6.9 The technical subject matter experts or NPCC personnel must have successfully completed the auditor training provided by NERC or NPCC before taking part in a Compliance Audit or Compliance Investigation as a member of an audit or investigation team.

6.10 In addition, NPCC may consult technical subject matter experts and NPCC members or NPCC committee members with expertise in compliance-related activities. Such persons must not have any conflict of interest or any financial interest connected with the outcome of their involvement in such activities, and must comply with appropriate confidentiality rules. Such persons may not, however, rule on the existence of a Non-Compliance or the relevance of financial penalties or sanctions, or Remedial Actions, or provide opinions on Mitigation Plans or proposed settlements submitted by the entities concerned.

6.11 NPCC will provide NERC its annual Implementation Plan by October 1 of each year, or on another date as agreed by the parties.

6.12 By November 1 of each year, or on another date as agreed by the parties, NPCC will submit its Implementation Plan for the following calendar year, or the remainder of the current year as appropriate, to the Régie for approval, after prior review by NERC. Once approved by the Régie, this Implementation Plan and NPCC’s other relevant compliance documents shall be made available on the Régie’s website.

6.13 NPCC must provide the non-public QCMEP Annual Implementation Report to the Régie, with a copy to NERC, by March 1 regarding how it carried out its responsibilities in the previous calendar year, the effectiveness of the QCMEP, and changes suggested to correct any deficiencies identified.

6.14 NPCC undertakes to provide the Régie with reports and non-public summary status reports, as specified in QCMEP Section 8 and to provide NERC with copies of the non-public summary status reports as specified in the QCMEP Section 8.

6.15 In the provision of its services, NPCC will use the following methods, in accordance with the QCMEP and the Régie’s orders: (1) Compliance Audits, (2) Self-Certifications, (3) Spot Checks, (4) Compliance Investigations, (5) Non-Compliance Self-Reporting, (6) Periodic Data Submittals, (7) Exception Reporting, and (8) investigations following a Complaint. These methods are described below.

---

Agreement on the Implementation of the Québec Reliability Standards Compliance Monitoring and Enforcement Program
Page 8 of 16
6.15.1 Compliance Audits

NPCC will conduct scheduled on-site and off-site Compliance Audits, according to the schedule set forth in the Implementation Plan approved by the Régie.

NPCC may conduct a Compliance Audit not scheduled under the Annual Audit Plan as necessary, with the Régie’s approval.

NPCC will give the Registered Entity advance notice of the audit, in accordance with the QCMEP, and will provide it with the list of audit team members and observers, if any.

For those electric power transmission system owners and operators with primary reliability responsibility (reliability coordinator, balancing authority and transmission operator), the Compliance Audit will be performed at least once every three (3) years unless otherwise specified in the Implementation Plan. For other Registered Entities on the Register, Compliance Audits will be performed on a schedule established by NPCC and approved by the Régie.

Audits of electric power transmission system owners and operators with primary reliability responsibility will be performed on the audited entity’s site. For other Registered Entities, the audit may be on-site or off-site.

6.15.2 Self-Certification

NPCC will prepare a Self-Certification program for approval by the Régie. This program will include a schedule and the required documentation to enable the Registered Entity to produce a Self-Certification of compliance with the Reliability Standards. The Self-Certification program, including the schedule and the documentation, will be included in the NPCC Implementation Plan to be approved by the Régie.

NPCC will make the blank Self-Certification forms available in electronic format for posting on the Régie’s website.

6.15.3 Spot Checks

NPCC can carry out Spot Checks, as authorized or requested by the Régie, to verify or confirm Self-Certifications, Non-Compliance Self-Reporting, Mitigation Plan execution, and Periodic Data Submittals, or with respect to other reliability concerns.

6.15.4 Compliance Investigation

The Régie may request or authorize NPCC to lead a Compliance Investigation in response to a system disturbance or possible Non-Compliance identified by any other means, or when required by the Régie following a Complaint.

6.15.5 Non-Compliance Self-Reporting

NPCC will assess the Non-Compliance self-reports submitted by the Registered Entities. NPCC will ensure that the blank self-reporting submittal forms are available in electronic format for posting on the Régie’s website.

6.15.6 Periodic Data Submittals

NPCC will establish and maintain a Periodic Data Submittal process and include a schedule in the Implementation Plan submitted annually to the Régie for approval. NPCC will make the blank data submittal forms available in electronic format for posting on the Régie’s website.
6.15.7 Exception Reporting

Some Reliability Standards require Exception Reporting as a form of compliance monitoring.

Where Exception Reporting is required, such submission by Registered Entities shall be reviewed by NPCC.

6.15.8 Investigations following a Complaint

NPCC will conduct the necessary investigations following any Complaint alleging Non-Compliance which the Régie has found, on the basis of a preliminary assessment, to have merit and to require investigation.

7. MITIGATION PLANS FOR VIOLATIONS AND NON-COMPLIANCES

NPCC will assess the Mitigation Plan submitted by the Registered Entity and make its recommendations to the Régie, which will dispose of the matter in accordance with section 85.12 of the Act. NPCC will monitor implementation of the Mitigation Plan and assemble and maintain the following information on the Régie Data Repository:

a. Name of the Registered Entity;

b. Date on which the Non-Compliance is identified and the violation is determined;

c. Monitoring method by which violation or Non-Compliance was detected (Self-Certification, Non-Compliance Self-Reporting, Spot Check, Compliance Audit, Compliance Investigation, investigation following a Complaint, etc.);

d. Date of notification of Non-Compliance;

e. Expected and actual completion date of the Mitigation Plan and major milestones;

f. Expected and actual completion date for each required action;

g. Accepted changes to milestones, completion dates, or scope of Mitigation Plan; and

h. Registered Entity’s completion notice and documents submitted in support.

Any information that meets the definitions of Non-Public Information, Personal Information, Restricted Information or Privileged Information must be handled in accordance with Section 18 of the Agreement.

NPCC will provide to the Régie information regarding the progress of Mitigation Plans and such information as the Régie requests.

If, in the opinion of NPCC, the Mitigation Plan has been duly completed, NPCC will so advise the Régie and assemble and maintain the information listed above on the Régie Data Repository.

If, in the opinion of NPCC, the Mitigation Plan has not been duly completed, NPCC will so advise the Régie by means of a notice containing the following information:

i. Description of the breaches of the Mitigation Plan or of one or more Reliability Standards;

ii. Assessment of the reliability impact of the breaches of the Mitigation Plan or of one or more Reliability Standards; and

iii. Assessment of whether Remedial Action is required in order to safeguard the reliability of the system.
8. REMEDIAL ACTIONS

The Régie may order a Registered Entity to perform Remedial Actions when an inspection or inquiry reveals that the Registered Entity is in Non-Compliance with a Reliability Standard and is thus seriously compromising the reliability of electric power transmission.

In its recommendation for Remedial Action, NPCC must:

a. Describe the Non-Compliance;

b. Explain its assessment of the need for Remedial Action, including the reliability impact both if the Remedial Action is undertaken and if it is not undertaken;

c. Explain the urgency of the Remedial Action and the reason why the other means provided for in the QCMEP are insufficient to address the Non-Compliances described;

d. Confirm that the Reliability Coordinator was consulted to ensure that the Remedial Action is not in conflict with directives issued by the Reliability Coordinator;

e. Recommend a deadline for compliance with the Reliability Standards;

f. Specify if the Remedial Action obviates the need for a Mitigation Plan; and

g. Provide a draft Remedial Action order.

NPCC shall monitor the implementation of the Remedial Actions ordered by the Régie to ensure that the Registered Entity carries them out and complies with the Reliability Standards. NPCC shall assemble and maintain the same information on the Régie Data Repository as for the Mitigation Plan listed in Section 7 of this Agreement.

In the event of a Registered Entity’s failure to carry out the Remedial Actions, NPCC will so advise the Régie by means of a notice containing the following information:

i. A description of the breaches of the Remedial Actions or of one or more Reliability Standards; and

ii. Assessment of the reliability impact of the breaches of the Remedial Actions or of one or more Reliability Standards.

9. RESOURCES

NERC and NPCC undertake to:

a. Have competent resources that are qualified to ensure implementation of the QCMEP;

b. Make available to the Régie staff members or other individuals whose services were retained in connection with the QCMEP when hearings or meetings with Registered Entities are held;

c. Designate a staff member qualified to respond within five (5) business days to requests from the Régie relating to activities under this Agreement.

NPCC also undertakes to have competent resources that are qualified to monitor the Régie’s orders related to the QCMEP.
The Régie undertakes to:

- Designate a staff member who is thoroughly familiar with the QCMEP and the Reliability Standards to serve as the contact for NERC and NPCC; and
- Inform NERC and NPCC in a timely fashion of any applicable amendments to the law applicable in Québec affecting the terms of this Agreement and make available legal counsel for any discussion of the scope of such amendments.

10. REMUNERATION

NERC and NPCC are remunerated at the beginning of each quarter for services under the May 8, 2009 agreement and this Agreement. Hydro-Québec TransÉnergie and the Régie split the payment as per the provisions of section 5 of the agreement of May 8, 2009.

In addition to this remuneration, the parties agree that reasonable fees incurred by NERC and NPCC for any simultaneous translation or translation of documents related to the delivery of services by NERC and NPCC shall be reimbursed by the Régie. These translation services will be billed at cost to the Régie at the end of each quarter by NERC and NPCC, separately. Terms of payment are net 30 days after receipt of the invoice.

11. QCMEP IMPLEMENTATION DATE

Implementation of the QCMEP will begin on the date set by the Régie.

12. DECLARATIONS

NERC and NPCC do hereby declare that no applicable law, contract or other legal obligation prevents them from executing the Agreement and fulfilling their obligations hereunder.

The Régie declares that it has been duly authorized by the Government of Québec to enter into the Agreement, pursuant to section 85.4 of the Act.

13. TERM, TERMINATION, AND AMENDMENT

The Agreement is effective as of the date of the last signing by the parties.

Any party may terminate the Agreement upon one (1) year’s notice to the other parties concerned.

This Agreement may only be amended upon an agreement reduced to writing, executed by the parties, and authorized by the government of Québec.

14. DEFAULT AND CURE

Upon the failure of a party to perform or observe any obligation of the Agreement, the non-breaching party shall give written notice of such breach to the breaching party (the “Default Notice”). Subject to a suspension of the following deadlines as specified below, the breaching party shall have thirty (30) days from receipt of the Default Notice within which to cure such breach.
If such breach is not capable of cure within thirty (30) days, the breaching party shall commence such cure within thirty (30) days after notice and continuously and diligently complete such cure within ninety (90) days from receipt of the Default Notice.

If cured within such time, the breach specified in such notice shall cease to exist.

Subject to the limitation specified in the following sentence, if a breach is not cured within the period provided for, the non-breaching party shall have the right to declare a default and terminate the Agreement by written notice at any time until cure occurs, and be relieved of any further obligation hereunder. The deadlines for cure and the right to declare a default and terminate the Agreement shall be suspended during the pendency of any efforts or proceedings in accordance with Section 15 of the Agreement to resolve a dispute.

Termination of the Agreement does not extinguish any obligation existing at the time of the termination.

15. DISPUTE RESOLUTION

In the event a dispute arises under the Agreement between the Régie, NERC and/or NPCC, representatives of the parties with authority to settle the dispute shall meet and confer in good faith in an effort to resolve the dispute in a timely manner. In the event the designated representatives are unable to resolve the dispute within thirty (30) days or such other period as the parties may agree upon, each party shall have all rights to pursue all remedies, except as expressly limited by the terms of the Agreement. No party shall have the right to pursue other remedies until the dispute resolution procedures of this Section 15 have been exhausted.

16. LIMITATION OF LIABILITY

None of the parties to the Agreement nor any officer, director, board trustee, employee, or any volunteer or member on any committee, working group, or task force of any party (collectively, the “Protected Parties”), shall be held liable for any loss or damage to one or more of the other parties caused by reason of any act or omission in the good faith performance of their respective duties pursuant to the Agreement or in conducting activities under the authority of the Act, except for liabilities arising from intentional or gross fault or liabilities that are not permitted to be excluded or limited pursuant to applicable law in Québec. This Section 16 shall survive termination of the Agreement and no amendment or repeal of this Section 16 shall eliminate or reduce the protection offered hereby to the Protected Parties.

17. ASSIGNMENT

Subject to Section 5.7, NERC and NPCC may not assign their respective rights and obligations under the Agreement without the consent of the Régie.

18. CONFIDENTIALITY

18.1 All data related to the QCMEP that is not public information is designated as Restricted Information, Privileged Information, Personal Information or Non-Public Information.

18.2 Privileged Information may only be disclosed to personnel explicitly designated by the Régie and cannot be disclosed to third parties.
18.3 Restricted Information can only be consulted by designated personnel in the performance of their duties under the QCMEP at the offices of the Registered Entity, or, if available, at the offices of the Régie.

18.4 Personal Information cannot be accessed from outside Québec, nor sent or brought out of Québec, in accordance with the Act respecting access to documents held by public bodies and the protection of personal information (CQLR, c. A-2.1).

18.5 NPCC and NERC cannot remotely access Restricted Information or Personal Information.

18.6 NPCC and NERC can remotely access Non-Public Information on the Data Repository for the performance of their respective duties under the Agreement and the QCMEP. Non-Public Information may not be disclosed or shared with any third party without the written permission of the Régie.

18.7 By default, data submitted by entities under provisions of the QCMEP is Non-Public Information, unless the Régie rules otherwise.

18.8 All data other than entity data that is generated or obtained in the implementation of the QCMEP is Non-Public Information by default, unless it is Privileged Information or unless the Régie rules otherwise.

18.9 Once designated, only a Régie ruling can modify the designation of information.

18.10 Except when an entity makes public its own information, only the Régie may make information related to the QCMEP public.

18.11 A Registered Entity may request that the Régie designate some information related to the QCMEP as Restricted Information. The Régie rules on such requests.

18.12 Any entity or party submitting information that could contain Personal Information must request that the Régie designate that information as Personal Information. The Régie rules on such requests.

18.13 The parties recognize that the officers, directors, employees, representatives and agents of both NERC and NPCC are already subject to codes of conduct which provide, among other things, for the maintenance of confidentiality of information disclosed during the course of duties performed and that such obligation includes, among other things, the duty to maintain the confidentiality of information received while performing QCMEP activities.

18.14 NERC and NPCC agree to ensure that as they collect information in their work under the QCMEP, they will promptly transfer this information into the Data Repository and destroy the information in their possession so as to effectively transfer possession to the Régie. NERC and NPCC recognize that the information to support the implementation of the QCMEP is stored within Québec and is possessed by the Régie only.

18.15 The Régie administers the access to the Data Repository. It will maintain a register of authorized personnel and accesses will be logged. The content of the logs are Non-Public Information, except where the Régie rules that it is Privileged Information. The Régie rules on any requests to review the register.

18.16 The access codes the Régie provides NERC and NPCC personnel to access specific information within the Data Repository belong to the Régie, are issued and modified at the discretion of the Régie, and may not be shared between personnel, nor disclosed to any other party, without the written consent of the Régie.
18.17 If NPCC or NERC need to work offline with some information, written consent must be obtained from the Régie and any conditions the Régie imposes for its consent must be respected.

18.18 In view of Sections 18.14 and 18.17, little information will be within NERC or NPCC’s possession at any given time. If a party could be required to disclose information in its possession, it will inform the relevant other parties prior to the release of the information in order to allow the relevant party the opportunity to protect its interest. In the event that the party cannot obtain relief from the requirement to disclose information, it agrees to, notwithstanding Section 18.6, furnish only that portion of the information that is consistent with the scope of the request and to exercise reasonable efforts to obtain assurance that confidential treatment will be accorded such information. NPCC and NERC will provide reasonable cooperation to the Régie and its legal counsel with respect to performance of the covenants undertaken pursuant to this paragraph.

18.19 The Régie will record in a register requests or requirements to disclose information as described in Section 18.18. The Régie may make this register public on its website.

18.20 Information that NPCC and NERC deems useful for their own future reference will be stored on the Data Repository. The Régie takes possession of this information and will ensure its integrity. The Régie may delete this information, consistent with its own information retention policies, after obtaining comments on the proposed deletion from the relevant entity, NPCC or NERC.

19. THIRD PARTY BENEFICIARIES

Nothing in the Agreement shall be construed as creating an obligation or liability to any third party.

20. NOTICE

All notices, requests, formal demands and other communications required or provided for in the Agreement shall be given in writing to a party at the address set forth below, or at such other address as a party shall designate for itself in writing in accordance with this Section, and shall be delivered by hand or reputable overnight courier.
