Subject: NERC BALLOT- NERC Standards Announcement Reminder | Project 2014-01 Applicability for Dispersed Generation Resources Standards | Ballots Open through July 28, 2014

NPCC Members of the NERC Registered Ballot Body,

The subject standards are posted for ballot through 8 pm July 28th, 2014. This project is a subset of a much larger effort underway to review all the Generator Owner applicable standards to identify the effects on Dispersed Power smaller generators such as wind turbines, solar, etc. The standards are being revised where appropriate to ensure that wherever these smaller units are aggregated at a collector bus, the associated standard requirements are appropriately reviewed and revised.

The Regional Standards Committee has reviewed the posted standard and the majority of members will vote to accept the standards as proposed. Comments to the formal posting that will be submitted to NERC will be available at : <https://www.npcc.org/Standards/Regional%20Standards%20Comments/Forms/Public%20List.aspx>

NPCC as the regional entity, has also reviewed the standards and finds no detriment to reliability. NPCC will be voting **Affirmative** on the set of standards and has been participating in the drafting team's activities.

Thanks,

Guy V. Zito

Subject: NERC Standards Announcement Reminder | Project 2014-01 Applicability for Dispersed Generation Resources Standards | Ballots Open through July 28, 2014

Standards Announcement Reminder

Project 2014-01 Applicability for Dispersed
Generation Resources Standards
PRC-005-2(X), PRC-005-3(X),
PRC-005-X(X), VAR-002-2b(X), VAR-002-4

Ballots Open through July 28, 2014

[Now Available](#)

Ballots for five **Project 2014-01 Dispersed Generation Resources Reliability Standards, (PRC-005-2(X), PRC-005-3(X), PRC-005-X(X), VAR-002-2b(X), and VAR-002-4)** are open through **8 p.m. Eastern on Monday, July 28, 2014.**

Background information for this project can be found on the [project page](#).

Instructions for Balloting

Members of the ballot pools associated with this project may log in and submit their votes for the standards by clicking [here](#).

If you do not want to vote affirmative or negative, please cast an abstention. It is very important that

everyone who has entered the ballot pool for this project vote to ensure a quorum is reached. **The ballots for this project end Monday, July 28, 2014 at 8 p.m. Eastern**

Next Steps

The ballot results will be announced and posted on the project page. The drafting team will consider all comments received during the formal comment period and, if needed, make revisions to the standards and post them for an additional ballot. If the comments do not show the need for significant revisions, the standards will proceed to a final ballot.

For information on the **Standards Development Process**, please refer to the [Standard Processes Manual](#).

For more information or assistance, please contact [Sean Cavote](#).
