NPCC Members and Entities of the NERC Registered Ballot Body,

The subject standard project is currently posted for Initial Ballot until 8pm March 7, 2018. The standard proposes a minor revision of the existing PER-003-1 with the addition of a footnote:

“The NERC certificates referenced in this standard pertain to those certificates identified in the NERC System Operator Certification Program Manual.”

The NERC Periodic Review Team reviewed the standard and believed that the standard required a clarification of what is meant by a “certificate.” The team also is recommending the retirement of “PER-004-2 Reliability Coordination - Staffing” which the team believes to be a P-81 type of retirement qualification.

NPCC as the Regional Entity supports an **Affirmative Ballot and Positive opinion** in the non-Binding poll.

If you have any questions please contact me.

Thanks,

Guy V. Zito
NPCC Asst. Vice President – Standards
Chair Regional Standards Committee
