## **Media Conference Call**

### **NPCC's Summer Electricity Assessment**

*Includes New England, the City and State of New York and Eastern Canada*

**New York, NY (April 26, 2016)** – The Northeast Power Coordinating Council, Inc. (NPCC), which coordinates the reliability of the bulk power system in Northeastern United States and Eastern Canada, has completed its annual reliability assessment for this summer. This is the most integrated, detailed and up-to-date assessment of the bulk power system's reliability for the 2016 summer months.

A media statement and Summary Assessment Report will be electronically available after 6:00 PM EDT, Wednesday, April 27<sup>th</sup> on request. Please email [media@npcc.org](mailto:media@npcc.org).

A media conference call will be held Thursday, April 28<sup>th</sup> by NPCC President and CEO, Edward Schwerdt and Philip Fedora, Assistant Vice President of Reliability Services, to respond to questions regarding the reliability of the bulk power system in the Northeastern United States and Eastern Canada during the 2016 summer months.

**DATE & TIME:** Thursday, April 28, 2016  
11:00 AM to 11:30 AM EDT

**FORMAT:** A brief summary will be presented by Messrs. Schwerdt and Fedora, followed by an open Q&A period

**DIAL IN NUMBER:** (866) 392-0601

**CONFERENCE ID #:** 83088839

When asking questions during the conference call, media representatives are requested to identify themselves and ask only one question at a time. When not asking a question, please put phone on mute (\*6) to reduce background noise.
