REGISTERED ENTITY IDENTIFICATION

Registered Entity:

NERC Registry ID:

Registered Functions: * GO TO

Technical Contact: *

NPCC will disclose this information to NERC and other third parties, only as required, and in accordance with established procedures pursuant to section 1500 of the NERC rules of procedure.

TRANSMISSION CIRCUIT INFORMATION

Name of the circuit(s) affected by the vegetation outage: *

Has the reported circuit experienced a previous vegetation-related transmission outage? * Yes No

Voltage of the circuit:

*

Element of IROL:

* Yes No

The flow (as a % of normal rating) on the facility just prior to the outage:

*

TRANSMISSION OUTAGE DESCRIPTION

Date and Time of Line Outage Due To Contact With Vegetation

Outage start date: *

Outage start time (hh:mm:ss): *

Time Zone:

* -- Select Time Zone --

Outage Duration (minutes): *

Category:

* -- Select a Category --

Detailed description of the cause
of the outage: *

VEGETATION DESCRIPTION

Vegetation Location:

*

If the vegetation causing the outage was located outside of the ROW provide the distance to the edge of the ROW: *

If the vegetation causing the outage was located outside of the ROW provide the distance to the nearest conductor: *

Tree Type (Species):

*

Tree Height (feet):

*

Tree Condition:

*

CORRECTIVE AND PREVENTATIVE ACTIONS

Mitigation/remediation actions taken by Registered Entity to address recurrence of the contact/encroachment: *

ADDITIONAL INFORMATION

Was the outage weather related? * Yes No

Did the outage occur on Federal Lands? * Yes No

Outage Contact Name: *

Outage Contact Email: *

Outage Contact Phone: *
