NPCC Compliance Registrants

Re: Invitation for Membership in NPCC CBRE Inc.

Dear Registrants:

I would like to take this opportunity to invite you to apply for Northeast Power Coordinating Council: Cross-Border Regional Entity, Inc. ("NPCC CBRE") Membership. As you may know, the NPCC CBRE, an independent, affiliate corporation of the Northeast Power Coordinating Council, Inc. ("NPCC Inc."), was formed to enhance the reliability of the international, interconnected bulk power system in Northeastern North America through the development of regional reliability standards and compliance assessment and enforcement of continent-wide and regional reliability standards pursuant to the execution and implementation of a Regional Delegation Agreement with the Electric Reliability Organization ("ERO") that is backstopped through the ERO by the Federal Energy Regulatory Commission ("FERC") and by Memoranda of Understanding with applicable Canadian Provincial regulatory and/or governmental authorities.

Membership in NPCC CBRE will allow you to vote on regional reliability standards as they are developed and your participation is vital to achieving broadbased technical input which will result in a technically excellent standard. The Membership is free of charge and further information and application may be made on the NPCC CBRE website:

<http://www.npcc-cbre.org/>

More details about membership may be found in the NPCC CBRE Bylaws. In addition, the NPCC CBRE Standards development procedure as well as compliance information will be available on the website in the coming weeks.

I look forward to your invaluable participation in this endeavor, meeting you, and thank you for your assistance with enhancing the reliability of the international interconnected bulk power system of Northeastern North America.

Truly yours,

Guy V. Zito
Asst. Vice President-Standards
Chair CP11
