

NPCC Distributed Energy Resources/ Variable Energy Resources Forum (DER/VER) August 11, 2022

The NPCC Regional Standards Committee (RSC) will be conducting a DER/VER Forum on Thursday, August 11, 2022, from 9 AM to 12 Noon EDT.

The Forum will be focused on the impact of societal decarbonization including building electrification on the transmission and distribution systems. The DER/VER Forum will be conducted virtually and is offered free of charge with no registration requirement.

[WEBEX](#)

Through the DER/VER Forum, the NPCC RSC works to leverage the experiences of our members and other stakeholders to reliably facilitate increased amounts of distributed and variable resources.
