Subject: NERC Ballot - Project 2010-01 - Training - PER-005-2

NPCC Members and others from the Northeast of the NERC Registered Ballot Body,

The NPCC Regional Standards Committee has discussed the subject standard. There have been no serious defects identified with the standard and the standard, as written, allows the applicable entity to develop their own systematic approach to training and apply that to whoever the entity deems to need such training. NPCC will be submitting comments to seek some minor clarifications and address applicability. These comments are being finalized and will be posted on the NPCC website at :

<https://www.npcc.org/Standards/Regional%20Standards%20Comments/Forms/Public%20List.aspx>

NPCC is recommending a YES affirmative vote to accept the standard.

Please contact me with questions,

Thanks,

Guy V. Zito
