Subject: Reminder - Ballot Closes for Project 2014-01 PRC-005-5 January 22, 2015

Importance: High

NPCC Members and Entities of the NERC Registered Ballot Body,

As noted below, the subject ballot is open through **8pm January 22, 2015 (today)**. If you are a member of this ballot pool, please log in and cast your ballot if you have not already done so. NPCC Regional Standards Committee has identified no issues precluding casting an affirmative vote. The changes are consistent with what the Dispersed Generation Resources standard drafting team has been doing with the other standards applicable to generation. NPCC as the Regional Entity will be submitting an **Affirmative** vote to support the standard.

If you have any questions please contact me.

Subject: Reminder - Ballot Closes for Project 2014-01 PRC-005-5 January 22, 2015

Dear Project 2014-01 Voters-

Just a friendly reminder that as of Wednesday, January 21, 2015 at 8 p.m. Eastern, our records indicate that you have not yet voted for PRC-005-5.

The initial ballot for **[Project 2014-01](#) - PRC-005-5- Protection System, Automatic Reclosing, and Sudden Pressure Relaying Maintenance** closes 8 p.m. Eastern on **Thursday, January 22, 2015**.

Members of the ballot pool associated with this project may log in and submit their vote for the standard by clicking [here](#).

If you do not want to vote affirmative or negative, please cast an abstention. It is very important that everyone who has entered the ballot pool for this project vote to ensure a quorum is reached.
