Subject: FW: Reminder - Project 2010-05.3 Phase 3 of Protection Systems: Remedial Action Schemes (RAS) | Additional Ballot and Non-binding Poll Open through March 18, 2016

RSC Members,

See below. The RAS PRC-012 standard additional ballot is currently underway and will end at 8pm on March 10th. If any ballot positions have changed please let me know. Previously most indicated support for the standard. Outstanding issues were related to organization of the requirements and whether some needed to be relocated to PRC-004 and PRC-005 as well as why a continuously monitored SPS would need functional testing. As we discussed at the RSC, from a strictly reliability perspective, NPCC supports the standard.

Standards Announcement

Reminder

Project 2010-05.3 Phase 3 of Protection Systems: Remedial Action Schemes (RAS) PRC-012-2

Additional Ballot and Non-binding Poll Open through March 18, 2016

[Now Available](#)

An additional ballot for **PRC-012-2 – Remedial Action Schemes** and a non-binding poll of the associated Violation Risk Factors (VRFs) and Violation Severity Levels (VSLs) are open through **8 p.m. Eastern, Friday, March 18, 2016**.

The standard drafting team’s considerations of the responses received from the last comment period are reflected in this draft of the standard.

Balloting

Members of the ballot pools associated with this project may log in and submit their vote for the standard and associated VRFs and VSLs by clicking [here](#).

If you are having difficulty accessing the SBS due to a forgotten password, incorrect credential error messages, or system lock-out, contact NERC IT support directly at <https://support.nerc.net/> (Monday – Friday, 8 a.m. - 8 p.m. Eastern).

Next Steps

The ballot results will be announced and posted on the project page. The drafting team will consider all comments received during the formal comment period and determine the next steps of the project.

For information on the Standards Development Process, refer to the [Standard Processes Manual](#).

For more information or assistance, contact Senior Standards Developer, [Al McMeekin](#) (via email), or at (404) 446-9675.
